RubricKit

Math test corrections

Use one sheet per problem. Keep your original work beside your correction.

Name _____ **Date** _____

Assignment _____ **Problem #** _____

1 Copy the problem and your original work

Include the line where your work first went off track.

Original problem

My original steps and answer

2 Find the first mistake

Quote the first incorrect line and explain why it is incorrect.

3 Show the correction

Start with the original problem, show each step, and check your answer.

4 Try the same skill on a new problem

Use a similar problem from your teacher. Show your work and check it.

Teacher review (optional) ☐ Verified ☐ Revise and resubmit
